Don't Delay! HITECH Revisions Must be Implemented by September 23, 2013

As of September 23, 2013, covered entities must comply with the revisions to HIPAA made by the Health Information Technology for Economic and Clinical Health Act ("HITECH"). One action item that covered entities must accomplish by September 23, 2013 is to revise and distribute their Notice of Privacy Practices (NPP). We have updated our template NPP.

You can obtain a copy of the updated NPP template by visiting the [Crowe & Dunlevy website](#).

If you have any questions about the HITECH amendments or need assistance updating your HIPAA Privacy and Security Policies, please contact Karen S. Rieger, Cori H. Loomis or any other member of Crowe & Dunlevy's Healthcare practice group.
