Don't Delay! HITECH Revisions

Must be Implemented by September 23, 2013

As of September 23, 2013, covered entities must comply with the revisions to HIPAA made by the Health Information Technology for Economic and Clinical Health Act ("HITECH"). What are the revisions to HIPAA made by the HITECH act? We have developed a table summarizing some of the key revisions made by the HITECH act.

You can obtain a copy of the table by visiting the [Crowe & Dunlevy website](#).

If you have any questions about the HITECH amendments, please contact Karen S. Rieger, Cori H. Loomis or any other member of Crowe & Dunlevy's Healthcare practice group.
