Super Lawyers

2016

Oklahoma Super Lawyers magazine recently selected 62 Crowe & Dunlevy attorneys for inclusion to its list of some of

the state's top lawyers in 2016. According to the Super Lawyers website, attorneys are selected through a multi-phase selection process that includes a statewide survey of lawyers, independent

evaluation of candidates by the attorney-led research staff, a peer review of candidates by practice area and a good-standing and disciplinary check.

Quality Service at Oklahoma Rates

Crowe & Dunlevy clients benefit from high quality, efficient service at reasonable costs.

With a population of more than 1.3 million, Oklahoma City is highly-ranked as a premier state to do business, according to a 2016 report on forbes.com. Two factors figured prominently in Forbes' ranking: the United State Census and the Wells Fargo cost-of-living index developed by Sperling's Best Places.

Forbes.com ranks Tulsa in the top 100 cities for business and careers. The city is situated on the Arkansas River at the foothills of the Ozark Mountains in northeast Oklahoma, a region of the state known as Green Country. Once heavily dependent on the oil industry, Tulsa's subsequent diversification efforts created an economic base in a number of other industries including aerospace, technology and finance.

We've known for a long time that Tulsa and Oklahoma City are the best kept secrets in the nation.
